

Anton Mayer
Executive Vice President
Research and Development
Magna International Inc.

Anton Mayer is Magna's Executive Vice President of Research and Development. In this role, he manages all aspects of the company's innovation and new product strategy at a corporate level and in conjunction with Magna's product groups.

As Executive Vice President, System and Portfolio Strategy, Mayer played a vital role in optimizing Magna's product portfolio and creating systems and platform synergies within the company, and he will continue to lead those efforts.

Throughout his 35 years at Magna, Mayer has held a variety of leadership positions, including Senior Vice President for Global Engineering at Magna Powertrain and Vice President for Corporate Engineering and Research and Development. He began his career at Steyr-Daimler-Puch in 1986, which later became Magna-Steyr.

Mayer holds a Mechanical Engineering degree and a doctorate from the Technical University in Graz, Austria. He and his wife live in Austria and have three children.
